

RAMSHILL ROUNDABOUT

A Newsletter for Residents on the Ramshill Estate

TO ALL RAMSHILL RESIDENTS: PLEASE READ

Over the last few months your Ramshill Residents Association (RRA) has been busy working towards a resolution to the many legacy issues we have inherited including the need for formal **Adoption**. Here is an update covering those issues where progress has been made:

- **Skinner's Lane:** The RRA together with our local MP Damian Hinds have been encouraging HCC, EHDC and Taylor Wimpey (TW) to work closely together to complete and re-open Skinner's Lane at least before the end of this year.
- **Children's Playground:** This facility has been neglected for far too long so the RRA commissioned an independent survey to assess the condition of the site and equipment. As a consequence TW have completed some essential maintenance and we understand further renovation is in the pipe line.
- **Grounds Maintenance:** Following the neglect of our green areas last summer the RRA have been encouraging TW to appoint a reliable and competent contractor. As a result TW and the Greenbelt Group have gone to arbitration and the RRA are in discussion with TW as to how Grounds Maintenance can best be managed in the future.

But the RRA needs your support:

- If you have not already pledged your support for your Residents Association and our objectives please e-mail or phone one of the committee members below. Your name will be added to our growing data base (in confidence) and we will keep you up-to-date with current events affecting our estate.
- Our **AGM will be held on Thursday 9th July @ 7pm** in Churchers College. A date for your diary and please give us your support by attending?

This is our estate so we must ensure our interests are looked after.

We in your Residents Association are a dedicated group and we need your active support.
