

## RAMSHILL ROUNDABOUT

### Ramshill Residents Association

Good Day Neighbours,

#### **Daffodil Bulb Planting:**

Last autumn we planted over 1,000 daffodils bulbs in Barentin Way and we were gifted with a beautiful display last spring.

This year we plan to plant more bulbs, some in Barentin Way to fill gaps and others around the Playground in Nelson Close, Luker Drive and Ray Close.

#### **Volunteers Please:**

We will need volunteers to help us please. Last year all 1,000 bulbs were planted in just over one hour which goes to show what we can achieve with the help of our resident volunteers.

**Date:**

**Saturday 10<sup>th</sup> October @ 10am.**

Meet in Barentin Way.....Bring your own gloves, face masks and etc.

### **Covid 19: Rule of six**

Looking at the government guidance on this new ruling, it does give exception for workplaces and most conservation organisations including volunteering work allowing for more than six people to gather for working. The ban on more than six is specifically for social gatherings.

None the less we plan to split our work parties into separate groups of six which will allow us to work across the various planting areas and will speed up the process.

Any questions please email us at [Chair@Ramshill.org.uk](mailto:Chair@Ramshill.org.uk).
