Species Recommendations

Tree Species 1 Options

Cercidiphyllum japonicum (Katsura Tree) – Dense heart-shaped foliage which emerges reddish/purple in spring, maturing to a blue/green in summer, maturing to attractive shades of gold, orange and red in autumn. The foliage also smells of cinnamon or burnt sugar.

Amelanchier Canadensis (Canadian Serviceberry) – Small tree with delicate, done-shaped crown. White star-shaped flowers emerge before the leaves in spring, which are followed by blue-black summer berries. Green foliage turns to brilliant shades of yellow, orange and red in autumn.
